

**The secure and convenient way to store your bikes!**

**The BikeBox is the practical and easy-to-use storage cabinet for bikes & other household items.**

Whether it's for your car space in the basement garage or in the backyard of your home, the BikeBox offers unparalleled security, storage capacity and convenience.

Simply raise the gas strut assisted folding door to create a wide, easy-to-access storage space. No awkward or heavy lifting of your bikes – just place them straight in, then lower and lock the door!

### Features

- ✓ Fits up to 4 bikes, standing upright
- ✓ 3-way keyed steel locking system
- ✓ Easy-to-use, gas strut assisted folding door
- ✓ All steel construction with a contemporary appearance
- ✓ Stainless steel protective trim
- ✓ Galvanized and powder-coated
- ✓ Engineered and constructed for both indoor & outdoor installation
- ✓ Fastened to your garage floor for added security
